HAMLINS

WIZARD OIL

is a treatment which affords a positive cure for rheumatism and allied diseases.

Applied externally, it relieves the pain at once. Taken internally, it cures permanently by purifying the blood of the lactic acid which causes the disease.

Anthony Smith, of Mayville, Ill., says: "I had such severe rheumatic pains in my arm and shoulder that I could neither work nor sleep and was fast losing all hope of cure, when I heard of and tried Hamlins Wizard Oil, two bottles of which performed a perfect, permanent cure." Price, 50c and $1.

Mann Succored by Rich Men.

Col. William D. Mann, of Town Topics, yesterday admitted at the trial of Norman Hapgood, editor of Colliers' Weekly, for criminal libel, on the complaint of Justice J. M. Deuel, of Special Sessions in New York, that many well-known men had succored him with gold to the extent of of over $165,000 in loans when he needed money and was poor. On his list were William C. Whitney, Collis P. Huntington, W. K. Vanderbilt, Howard Gould, James R. Keene, J. P. Morgan, John W. Gates, Dr. D. Seward Webb, and others.

In some instances he gave his unsecured notes and in others security in the shape of Town Topics stock The par value of Town Topics stock is $10 a share, and often the colonel got as much as $20,000 on twenty shares. But the colonel insisted that he considered it worth "$1,000 and more" a share.

Only one of the loans has been repaid, the colonel said, and that was to C. P. Huntington, $5,000. He is dead.

Nearly all of the loans were made about twelve or fifteen years ago, when the colonel was "poor." From W. K. Vanderbilt, the colonel got $25,000, and the colonel says that Mr. Vanderbilt not only returned his notes, but also gave him the stock, twenty-five shares, of Town Topics, back. If Mr. Vanderbilt had retained the stock he would have been classed by Mr. Jerome today as a stockholder in Town Topics, with John W. Gates, Howard Gould, and Dr. Seward Webb, who hold between them sixty shares of the stock. Col. Mann, Justice Deuel, and Col. Mann's daughter hold the rest of the stock.

The largest single loan was obtained from James R. Keene, who loaned the Town Topics editor $90,000. From W. K. Vanderbilt Col. Mann obtained $25,000; from J. P. Morgan, $2,500; from W. C. Whitney, $10,000; from Collis P. Huntington, $5,000; John W. Gates, $20,000; Charles M. Schwab, $10,000; Thomas F. Ryan, $10,000

Asked whether he ever stopped the Town Topics press to suppress an article about Loyal Smith, Col. Mann said that such an article was taken from the paper and that a man who came with Smith placed a 1,200 advertisement in Town Topics.

A contract was produced showing that $2,500 was paid by William J. White, of Cleveland, for a subscription to "Fads and Fancies," the book which was issued under Col. Mann's direction. Mr. White's name was not in this book, and Col. Mann was asked why Mr. White paid the money. He replied that he did not know, but that learning that Mr. White was a prominent Cleveland man, he had approved his subscription. The price of a subscription to "Fads and Fancies" was $1,500, and Col. Mann was asked what Mr. White paid the extra $1,000 for.

"He wanted four pages instead of two," Col. Mann replied.

"You didn't hand him back the money," said Mr. Osborne, counsel for Hapgood. "He got only one book, and his name was not in the book."

"No," Col. Mann replied.

Col. Mann testified that he might have made the remark that scandal was sent to the office of Town Topics. Asked who sent it he replied that it came from reporters, society people, clubmen and others.

Constitution for Persia.

A constitutional government for Persia, according to advices from Teheran, is to be the outcome of the sudden exodus of 1,000 merchants and Mullah priests from the Persian capital as a protest against the Shah's government.

The insurgents proceeded to the village of Shah-Abd-Ul-Azim, where the Shah presided over a representative assembly elected by the Mullahs, merchants and landowners. The assembly will be called the "House of Justice" and exercise administrative and legislative powers. The equality of all before the law will be proclaimed. It is expected that the assembly will demand the dismissal of M. J. Naus, the Belgian minister of customs and posts, and the Belgian employes of the customs.

The Shah of Persia, or, to give his official title, the "Shah-in-Shah," or King of Kings, has hitherto been absolute ruler within his dominions and master of the lives and property of all his subjects.

The whole revenue of the country has until recently been at the disposal of the Shahs, which enabled them to amass large private fortunes, but the fortune of the present occupant of the Persian throne is reported to amount to only $50,000,000, most of it represented by diamonds.

All the laws in Persia have hitherto been based on the precepts of the Koran, and though the power of the Shah is absolute, it is only in so far as it is not opposed to the accepted doctrines of the Mohammedan religion.

The Shah is regarded as the vice regent of the prophet, and under him the government has been carried on by a ministry, divided into several departments after the American and European fashion.

"It affords me pleasure to testify to the merits of Gowan's Pneumonia Cure. Last December I was threatened with pleurisy; in fact the physician pronounced it pleurisy, and treated me for two weeks for the trouble, with no beneficial results. A friend gave me a trial bottle of your remedy, and I was completely restored to health within a very short time. You certainly have a marvelous remedy, and I never fail to speak a good word for it. I shall always keep a bottle of it on hand for emergencies.

Punch Bowl for Mayflower.

Baron Rosen yesterday presented to the United States dispatch boat Mayflower, in behalf of Count Witte, himself, and the other delegates to the Portsmouth Peace Conference, a handsome punch bowl, in recognition of the hospitality which was extended to the delegates aboard that vessel during the course of the peace conference.

The punch bowl consists of a Russian silver bowl, flanked by a knight-at arms of the period of the Middle Ages and armed with shield and battle axe. The bowl is very elaborately chased, and is decorated with a number of large and precious stones. There are a number of precious stones also in the shield of the knight.

Secretary Bonaparte entertained the Russian ambassador and the embassy staff and the commanding officer and officers of the Mayflower on board that vessel at luncheon, in recognition of the presentation, the bowl having been presented to the Mayflower through Secretary Bonaparte. The only other guest, besides those intimately connected with the presentation, was Assistant Secretary Newberry.

Women Threaten a Man.

A crowd of infuriated women, armed with axes, hatchets, brooms and garden inplements, threatened yesterday afternoon to mob Frank McCabe, a young man, accused by Annie Moran of having attacked her while walking along Curtis avenue, a lonely portion of Richmond Hill, L. I.

Miss Moran succeeded in eluding her assailant, ran to a house some distance away, rang the doorbell and gasped out her story to Mrs. Martin, who responded. The young woman said McCabe had beaten and kicked her and knocked out several front teeth.

Screams from Mrs. Martin and Miss Moran brought neighbors, armed with whatever weapons they could find, and they surrounded McCabe, who offered little resistance. Workmen at a distance heard the outcry and hurried to the scene, joining their menaces to those of the women. A squad of policemen with difficulty dispersed the mob and took the young woman and McCabe into custody.

The pair were later taken before Magistrate Healey, at Far Rockaway, who held McCabe in $500 and detained the young woman as a witness.

Stomach Troubles and Constipation.

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Cullman, a druggist of Potterville, Mich. They are easy to take and always gives satisfaction. I tell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint." For sale by Gibson & Timberman and W. F. Creighton & Co.

Perfection can only be attained in the physical by allowing Nature to appropriate and not dissipate her own resources. Cathartics gripe, weaken—dissipate, while DeWitt's Little Early Risers simply expel all putrid matter and bile, thus allowing the liver to assume normal activity. Good for the complexion. Sold by W. F. Creighton & Co., 401 King street.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING. JAN. 23, 1906

HON. THOMAS S. MARTIN was today selected by the Virginia Legislature to succeed himself as Senator from the Old Dominion. His six years' term will begin in March, 1907. The Senator has represented Virginia during the past eleven years in an able and satisfactory manner, and the action of the voters of the State last summer was in appreciation of his services, and that of the legislature today was in affirmation of the voice of the people. Senator Martin's past record is an earnest of what may be expected of him in the future, and so long as the State has such able men as the present senior and junior Senators as their representatives all can rest assured that her interests will be safe.

IN A conversation today with Dr. James Scherer, of Newberry College, S. C., President Roosevelt expressed the belief that "when the time comes, if it ever does, that the United States navy meets the ships of Japan, our jackies will win." Dr. Scherer, who spent five years as a teacher in Japan, was introduced at the What House by Representative Lever, and during his chat with the President said that he believed the Japanese fighting craft to be the best in the world. The President challenged this statement at once, and said that the United States navy is man for man and ship for ship better than the sea arm of any other power. All Americans hope this is true, but many fear it is not.

IN THE House yesterday Mr. Williams, the minority leader, made a general complaint against the method of making appropriations. He read from the Panama canal bill that $1,000,000 was for "miscellaneous purchases" in the United States, a statement, he said, which was very indefinite. He advocated "digging the ditch" by contract, and said if this was done instead of allowing politicians to do the work, it could be completed in from three to five years. The whole thing, he said, was beginning to smell strongly of the old French canal company. Mr. Williams but expresses the thoughts now entertained by a majority of the people of this country.

AT A mass-meeting held in Washington Sunday night to express sentiments on the Jewish atrocities of Russia, Representative Sulzer, of New York, charged that more than 100,000 persons have perished in the Russian massacres and that the massacres were connived at by the Russian government "to make a holiday." The atrocities in Russia have been great enough in all conscience sake without Mr. Selzer magnifying them.

TWO MIDSHIPMEN testified in the academy trials at Annapolis yesterday that expressions dropped by a lieutenant on duty at the academy were equivalent to giving leave to discipline youngsters in accordance with methods in vogue in the school. These officers are the men, after all, who should be dismissed from the service.

THE number of fools turned out from both the military and naval academies and who now hold positions in both the army and the navy is accounted for. These men were required to do the stand-on-the-head act at the academies and their brains were so addled thereby that their minds have never been sound since.

MAYOR TODD, of San Juan, Porto Rico, said to the House committee yesterday that on account of the frequent changes in judicial and other officials in Porto Rico everything is in a tangle. The United States has not been very successful in governing its insular possessions.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Jan. 23.

France will blockade the Venezuelan coast. It is learned today that orders to that effect have been prepared at the Naval Office in Paris for transmission to the squadron in Caribbean waters. This information comes from an unquestioned diplomatic authority in this city. The blockade will be established within a week or ten days, just as soon as the proper number of vessels can be assembled off the coast of Venezuela. France has three warships now within a day's sail of the coast, and two more about to be sent from Europe. Although Germany, Great Britain and Italy have been informed of this decision, their permission to blockade ports upon whose customs receipts they have a lien has not been asked, nor will it be asked. France considers that her political rights in the premises transcend the fiscal rights of those countries. Moreover, the blockading will be done with the full consent of the United States government. France has already given assurances that neither the letter nor the spirit of the Monroe doctrine shall be violated, and on this understanding she has been accorded full permission by President Roosevelt to go ahead and punish Castro as she may see fit. The entire programme has not yet been arranged. Much depends on the attitude to be assumed by the Venezuelan authorities. Should the apology which has been demanded on account of the ill-treatment of M. Taigny not be forthcoming in a reasonable time, it is more than likely that French troops will be landed as a "supplemental remedy," to use the words of your correspondent's informant. France's selection of the blockade as a remedy against Venezuela may or may not be accompanied by a declaration of war. There is now little chance that President Castro will withdraw from his position of disregard for French diplomatic efforts at agreement. He has made it clear that he will not consider French matters through U. S. Minister Russell as an intermediary.

The House committee on Interstate and Foreign Commerce which was to have voted today on the submitting the railroad rate bills to the House, has again postponed action. There will be a private meeting of the committee this afternoon and probably tonight in the interest of a unanimous report by both the majority and minority. The differences between the two sides are believed to be of merely a technical character and the hope is expressed that by judicious wording of the paragraph to the substitution of a "maximum reasonable rate" an acceptable compromise may be effected.

Representative Hamilton, of Michigan, chairman of the House committee on territories, today submitted to the House the report of that committee favoring the admission of Oklahoma and Indian Territory as one State, and Arizona and New Mexico as another. The report of the minority opposing statehood for Arizona and New Mexico was presented by Mr. Moon, of Tennessee. The fight on the bill will be opened tomorrow when the republican insurgents will join with the democrats to defeat the accompanying rule prohibiting amendments. Both sides profess confidence in the outcome. The majority report is devoted to an analysis of the bill, a discussion of the qualifications for statehood, an account of the resources of the territories and a simple recommendation that the bill does pass.

Under the terms of the bill the State of "Oklahoma" may be admitted into the union as soon as the new organization can be perfected and a constitution adopted. The State of "Arizona" can be admitted not earlier than seven and a half and not later than eleven months after the approval of the act.

Administration influence is being exerted in a last heroic attempt today to save the statehood bill which the "insurgents" of the House threaten to bludgeon tomorrow with the assistance of the democrats under the leadership of Mr. Williams. A number of the insurgents were summoned to the White House, it is said, and there given some straight talk by the President who is mightily interested in the measure. Speaker Cannon was an early caller at the President's office but was rather shy about predicting the fate of the statehood bill.

The republican State insurgents held their last meeting this afternoon in the office of their leader, Mr. Babcock, preparing for the fight that is to be made tomorrow. The meeting was attended by about forty members, which is declared, by Representative Babcock, to be fully 20 short of their actual strength. The claim is made by the insurgents that of their democratic allies only five will be absent tomorrow, when the fight on the rule accompanying the statehood bill is made, while the republican stalwarts will be 25 short of a full attendance. Upon this they base their prediction of victory. The stalwarts deny that 25 will be absent but refuse to give figures.

Columbia S. C., was chosen this morning as the next place of meeting of the Interstate National Guard Association. All the present officers were re-elected, including Senator Charles Dick as president.

The House resumed consideration of the urgent deficiency bill yesterday without concluding that measure. The Chinese mail which arrived at Marseilles, France, yesterday brought an account of the invasion of Tonquid; French Indo-China, by Chinese regulars, who encountered a French force numbering 400 men, of whom 150 were Europeans. A mob of 300 men early on Sunday morning took Ernest Baker, a negro, from the county jail at Hopkinsville, Ky., and hanged him from a beam of the city scales near the court-house in the center of the city. Baker attempted Saturday night a criminal assault on Miss Mary Gentry, aged eighteen, whom he knocked down and dragged by the heels into an alley. Her screams attracted neighbors and the negro fled but later was captured.

Henry Kobre, a Russian Jew, was mysteriously murdered Sunday night in his room over the restaurant conducted by the murdered man in Winston-Salem, N. C. The theory as to what caused the man's death was solved yesterday afternoon by finding a piece of bullet in the ceiling of Kobre's room. The physicians say he was shot through a window by a person standing in the lot in the rear of the saloon. There is strong evidence that the man was murdered for purposes of robbery. His vest, in which he usually carried a large sum of money, is missing.

Jacob Riis, the personal friend of the President, denies the statement attributed to him that President Roosevelt would stand for a third term if it appeared to him that certain reforms could be brought about through the President's leadership.

HOUSE.

As stated in the Gazette, the House yesterday refused to permit the bill increasing the salaries of circuit judges from $2,500 to $3,000 to go to its engrossment, thereby defeating the measure. The greater part of the session was consumed by the debate on this bill.

Mr. Pettit arguing against the measure said:

"If you want to increase salaries I don't know any place better deserving of the beginning than right here in the Legislature. I have not heard of any judges who will leave their benches if their salaries are not raised.

"I know two who will resign," a member called out.

"I am willing to agree to supply two good men for the place of every judge that resigns," retorted Mr. Pettit, "and I am willing to furnish bond to do it."

Mr. Williams introduced a bill to authorize the several school districts to borrow money belonging to the literary fund and to authorize the loan of said funds to each district. Endowment Company Suits Settled

Justice Barnard, in the District of Colombia Supreme Court, by consent of the interested parties, yesterday overruled the demurrers filed by Andrew A. Lipscomb and his bondsmen, Frank Hume and James W. Ratcliffe, to the suits of H. Ann Stuart, Mary M. Cassin, administrator, and the Virginia Trust Company, administrator, three of the claimants against the defunct Washington Beneficial Endowment Association, of which Mr. Lipscomb and Thomas M. Fields were the receivers.

The order of the court is the result of a compromise between the parties to the suit, and its terms have not been made public.

The funds of the endowment association amounted to about $16,000, according to the evidence submitted at the trials of Mr. Lipscomb and Mr. Fields, the receivers, who were indicted on the charge of embezzling the funds. As a result of the trials Fields was convicted and Lipscomb was acquitted.

The suit of H. Ann Stuart was for $9,921.95; that of Mary M. Cassin, administrator, for $2,287.27, and that of the Virginia Trust Company, administrator, for $556.70. One other case, that of Howard L. Morrison, administrator, for $3,150.65, is not affected by the compromise.

[Special Dispatch to the Alexandria Gazette.]

The chief speech was made by Mr. Wickham in the Senate and Mr. Byrd in the House. The republicans nominated Mr. Slemp who got the party vote in both houses. France and Venezuela.

Paris, Jan. 23.—The regular Tuesday session of the council of ministers was held at the Elysee under the presidency of M. Loubet. The policy to be pursued toward Venezuela in view of the rupture of diplomatic relations with President Castro's government was discussed at length. While the taking of energetic measures to bring Castro to time was generally advocated, the ministers manifested their nervousness in the matter, as the difficulty of France's position is fully realized. The solving of the problem confronting the government is made difficult because in the case of Venezuela it is a hard matter to apply force, since a bombardment of the coast may mean the necessity of going to war with the country, and to blockade the customs is certain to arouse the prejudice of Germany and Great Britain, who have debts to collect from Venezuela. A party is rapidly forming in France in support of the policy of allowing matters to rest where they are. This party believes France should content herself with the rupture of diplomatic relations with Venezuela, as was done in her previous dispute with that country and allow things to adjust themselves in the course of time.

Annapolis Court Martial.

Annapolis, Md., Jan. 23.—It has just become a matter of knowledge that Stephen Decatur, jr., of Portsmouth, N. H., midshipman of the first class, was not arraigned properly at his second trial, recently completed before the court martial. Decatur was tried on charges both of "hazing" and "encouraging or countenancing hazing," and it will be remembered that his counsel, Mr. Theall, of Washington, entered several pleas to the first charge and after these motions were overruled, it appears, Decatur was not arraigned on the second count. It is stated that Superintendent Sands had recently quashed one of the specifications, and it is generally understood that he was convicted of the other counts.

The trial by court martial of Midshipman Claude B. Moyo, first class, of Columbus, Miss., charged with the hazing of five fourth class men, was continued this morning. Moyo's case is the most delicate one that the court has yet been called upon to handle, because of the manner in which the offense was brought about and the previous good standing of the accused. Mayo is a Y. M. C. A. man, and as such has taken active steps to prevent molestation of fourth class men.

Proposed Trade and Customs Union

Vienna, Jan. 23.—There are many indications that the Balkan states are anxious to form a zollverein or trade and customs union which will render them independent of Austria. It was recently reported that a secret alliance had been arranged between Servia and Bulgaria, although at the very time Servia was conducting negotiations looking to the establishment of a new agreement with Austria. Great anxiety is felt in Austria over the new combination because it would mean the rise of a powerful state on her eastern frontier and the lessening of her influence in the Balkans. She has demanded that Servia refrain from entering into such a combination and the latter nation has refused to be dictated to. Austria-Hungary has now closed her frontier against the importation of Servian cattle, swine, and meat on the pretext that the Servian cattle and hogs are diseased. This export trade of Servia amounts to about $16,000,000, annually, and forms nearly one half of the total export trade of the country. By shutting out these goods Austria has struck a severe blow at Servia, but it is more than probable that the effect of her action will be to increase the desire of Servia to form the proposed zollverein.

Killed by Snow Slide.

Silverton, Col., Jan. 23.—In an immense snow slide yesterday afternoon, five Italian miners employed at the Sunnyside mine lost their lives. The mine blacksmith shop and several tram cars are also reported to have been swept away. The telephone line is down and communication of all kinds has been destroyed, consequently the names of the victims cannot be obtained. Slides and immense drifts of snow have blocked the railroad tracks and no trains from Durango and Denver have arrived here since Wednesday. One immense slide went into the Animas river, forming a dam of snow and ice which caused the stream to back up and overflow the Rio Grande tracks to a depth of four feet. It will be two weeks before traffic can be resumed between Silverton and Durango. The storm, one of the worst ever known in this section has about spent its force.

Pacific Conditions Reported.

St. Petersburg, Jan. 23.—Persons prominent in official circles exultantly announce today that the whole Russian empire is quiet, with the exception of the Baltic provinces and the Caucasus. Following the placing of the loan Premier Witte looks forward to a definite era of calm and peace.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammed portion of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

To Test the Will.

Lisbon, Jan. 23.—The family of the late Countess Valmer, former lady in waiting to Queen Amelia, who died recently, leaving the bulk of her fortune of $2,000,000 to the Pope, intends to contest the will under which she made this bequest. A protracted legal struggle is expected for possession of the estate.

New York, Jan. 23.—The stock market, after heavy realizing sales yesterday and this morning, was freely circulated on the floor of the exchange, and because of these room traders took an aggressive position on the bear side, and one vigorous drive in some issues reached stop selling orders. The tone was considered strong and the general opinion is that the situation is still strongly bullish.

Fifty-ninth Congress.

Washington, Jan. 23.

SENATE.

Mr. Platt and Mr. Depew presented a number of petitions.

Mr. Warren introduced a bill providing that women citizens who possess such qualifications of age, residence, property or education, as required of men to make them legal voters, shall be eligible to register and vote at all elections for members of the House of Representatives.

At the conclusion of the routine business the Heyburn pure food bill was taken up.

Mr. McCumber took the floor in advocacy of its passage.

At the conclusion of Senator McCumber's speech, Senator Spooner arose to make his speech in defense of the administration's course in the Santo Domingan affair.

He declared that the Senate should never discuss in open session, measures connected with the foreign relations of the government and that the Senate had no right to demand that the President should unfold to it, even behind closed doors, the progress of negotiations.

Mr. Tillman interrupted with the remark that the word "advise" in the constitution probably meant something.

The Senator thought the mere calling upon the President for certain information might be productive of harm, as in the Moroccan case.

HOUSE.

The House today passed legislation desired by Secretary of War Taft, placing the transport Sumner at the disposal of the government to carry the Santiago battlefield commission and representatives of the President and State Department from New York to Santiago de Cuba and return to attend the dedication of the peace monument commemorating the battles adjacent to Santiago. The expense to be incurred was limited to $10,000.

The House then resumed consideration of the urgent deficiency bill.

Amendments to the urgent deficiency bill was ordered by Messrs. Fitzgerald and De Armond, allowing the purchase of miscellaneous materials for use in the constructions of the isthmian canal, elsewhere than in the United States, were defeated.

The provision in the bill that the eight hour law applicable to the territories and the District of Columbia on all government works should not apply to the Panama canal, was stricken out on a point of order raised by democratic floor leader Williams, and sustained by Chairman Sherman.

Explosion on Man-of-War.

The Brazillian turret ship Aquidaban sunk at Port Jacarepagua, south of Rio Janeiro, at 10:45 Sunday night, as the result of an explosion of the powder magazine. Four rear admirals perished. The dead number 196 and the injured 36.

The Aquidaban had been used for the accommodation of a number of supernumerary officers and men attached to the flotilla escorting the cruiser Barroso. The Barroso had on board the Minister of Marine and his staff, who were inspecting the sites proposed for a new arsenal.

The following members of the commission which left the arsenal on board the Aquidaban, accompanying the Minister of Marine, were killed or drowned: Rear Admiral Rodrigo Jose Da Rocha, Rear Admiral Francisco Calheiros Da Graca, Rear Admiral Joao Candido Brazil and Captain Alves de Larrigo. Two commanders, two German photographers and one reporter also were drowned. In three minutes after the explosion occurred the Aquidaban sank.

The Aquidaban was of 4,590 tons displacement and 6,200 horsepower. She was built in England in 1885 at a cost of $1,725,000. The armament consisted of four 9.4-inch guns, four 5.5-inch guns and a number of smaller guns. She had five torpedo tubes. Her crew numbered 350 officers and men.

Struck by Cow and Killed.

Travers Carpenter, a young white man was instantly killed early yesterday morning in a most singular railway accident at Winston station, three miles from Culpeper. Mr. Carpenter was driving a cow across the track when Southern passenger train, No. 40, northbound, struck the animal, throwing her many feet, and Carpenter, being a little in advance and somewhat to the side, the cow struck him, breaking his neck and legs, and his body was found between the legs of the cow, which was also killed. The deceased was a mail carrier, and leaves a wife but no children.

Thirty years ago, on the Old Virginia Midland road, at Burke's station, an engine drawing a fast passenger train was found to have on top of the pilot a live yearling steer, which, when the train stopped, jumped off and skipped nimbly away. How long the animal had been riding in its perilous position, and by what miraculous means it escaped death when struck by the train, was never afterwards discovered. The train had last stopped at Warrenton Junction, twenty-six miles away from Burke's. The calf was adopted by a resident of Burke's and his possession was never disputed by any other claimant.

Child Attacked by a Rat.

Mrs. J. Addison Billingsley, of Fredericksburg, was awakened several nights ago by the cry of her two-year-old son, who was sleeping in a crib near her side. Thinking that the child was dreaming, she paid no attention to it. Mrs. Billingsley's mother, who was sleeping in the room adjoining, also heard the cry of the child and went to the room of her daughter to find out what was the matter. Just as she spoke to her daughter the child screamed again. A light was struck, and, to the horror of the mother and the grandmother, they found the child's face, as well as the bedclothes, smeared with blood. A hasty examination disclosed the fact that the child had been bitten several times in the fleshy portion of the hand by a rat, which had also nibbled several of its fingers. The child in throwing up its hands had smeared its face as well as the bedclothes with blood.

Fires in the Year 1854.

Readers of the Gazette who were active in firemens' doings, will recall that there was an epidemic of fires in the spring, summer and fall of 1854. Reference to the Gazette's files will easily convince the reader that the volunteer firemen of those days were kept busy day and night. On Saturday, November 4, 1854, appeared a long local under the caption "Destructive Fire," which gives a succinct account of the conflagration. It says:

"Yesterday afternoon, between one and two o'clock, a fire broke out in the upper part of the Alexandria Brewery, at the corner of Union and Wolfe streets. This was a large and valuable establishment, owned by Mr. Wm. H. Irwin, and was at that time in full operation. The heat from the brewery was, when it was in a mass flames, intense, surrounded as it was by so much combustible material. Nothing but the determination of such men as compose our fire companies, aided by a kind Providence, could have arrested the flames. The loss was about $20,000 or $25,000 insured in a local and Connecticut company." Two days prior to this fire the Gazette in a local said:

"The firemen's procession on Monday last was under the direction of Mr. Jas. S. Douglas, Chief Marshal, by whom the firemen were hospitality entertained, and they were also entertained by Col. Thomas, the President of the Friendship Co., at the Nebraska House."

In discussing these events, some have associated in their minds the burning of the brewery and the starting of the Pioneer Flour Mills as occuring on the same day. The mill was started in June or July upon the arrival of grain in quantities sufficent to run the mill, for on August 14th the Gazette said: "Active operation are now going on at the Pioneer Mills. The wheat is taken from the holds of vessels lying at the wharf alongside of the mills, by means of the elevator and carried to the upper stories."

Leavell Held for Murder.

A coroner's jury in Fairfax yesterday afternoon held Joseph Leavell responsible for the murder of Philip Wilkinson, and recommended that Peter Harris be arrested on the charge of complicity. All the parties are colored. The body, which had been buried near Chain Bridge, two miles north of Lewinsville, Fairfax county, since June 17, was exhumed, and an autopsy revealed a fractured skull. Evidence showed that Leavell, whose sister was the husband of Wilkinson, killed the man, buried his victim at the scene of the crime, went to the home of Peter Harris and told him what he had done, engaged Harris to assist him in trying to sink the body in the river when he became suspicious that it would be found, and after failing to sink the body, buried it again, with the assistance of Harris and the latter's twelve-year-old son, Albert. The killing was the outcome of an old grudge, according to witnesses. Leavell, who is serving a year's sentence on a charge of assault, confessed in jail to the killing, but said he struck the man in self-defense, and that the woman was present. The testimony of Harris and other witnesses contradicts this. All the parties are well-known in this city, where they formerly resided. Harris is now held in the Fairfax county jail.

The Curtin Murder Mystery.

Lena Blum, formerly of this city, but who recently moved to Washington, was brought back to this city yesterday by Officers Knight and Lyles under instructions from Commonwealth's Attorney S. G. Brent, and is held at police headquarters in connection with the Curtin murder mystery. It is said the Blum woman's house was one of the last in which Curtin was seen alive. The woman denies all knowledge of the crime, and states that she had given her landlord notice that she was going to vacate the house before Curtin disappeared.

A report was in circulation today that a man who had been employed at one of the glass factories, and who had disappeared about the time of the Curtin murder, had been arrested in connection with the murder, but the police deny having made any such arrest.

Funerals.

The funeral of the late Bryan Doran took place this morning from the residence, corner of Queen and Alfred streets. The services were conducted by Rev. Father Cutler.

The funeral of the late Thomas B. Rouse took place from Mr. B. Wheatley's undertaking parlors this afternoon. The services were conducted by Rev. Dr. Fisher and the interment was in Bethel cemetery.

The funeral of Mrs. Catherine Stump, widow of Caspar Stump, took place today at her residence, Gerardstown, Berkeley county, W. Va. She was in her eighty-ninth year, and was the mother of Rev. J. P. Stump of the M. E. Church South, this city. She is survived by two children, eight grandchildren and fourteen great-grandchildren.

Visiting Grand Officers.

The regular meeting of Potomac Lodge of Odd Fellows next Friday night will be specially interesting. Grand Master Norman Ashby, of Culpeper, will be present on the occasion, together with Grand Master Bradford, of the District of Columbia, and District Deputy Grand Master G. H. Bruner, of Falls Church. At the close of the meeting the members of the lodge, visiting grand officers and others will repair to the lower floor where they will participate in a seasonable collation.

Deaths.

Mr. Charles F. Rottening, a sign painter, died at his home, 407 north Alfred street, yesterday. The deceased was 62 years old. He was a native of Germany and after reaching this country, lived about twelve years at Front Royal.

Elsie Withers, infant daughter of Rev. William Page and Josephine Putney Bowne, died in Baltimore yesterday.

Personal.

The following Alexandrians were registered at the DeSoto Hotel, Savannah, Ga., yesterday: Messrs. E. G. Portner, P. McK. Baldwin, L. M. McCarthy, C C. Leadbeater and wife and P. J. Dempsey and wife.

Miss Nannie Jones is visiting Miss Helen Shriver in Baltimore.

Mrs. Michael Downey is visiting relatives in Richmond.

Prominent visitors at the Capitol yesterday were Colonel Francis L. Smith, of Alexandria, and former Senator S. R. Donohoe, of Fairfax.—[Richmond Times-Dispatch.

Judge Barley left for Warrenton today to hold the January term of the Circuit Court of Fauquier county in place of Judge Nicol, who is presiding in Richmond today in the annexation case there.

Mr. Richard McIlwaine was in the city today in the interest of the Jamestown Exposition.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Lena Blum, arrested by Officers Knight and Lyles on suspicion of a felony after the fact, had her case continued until next Thursday, at which time Meeks and Foster, the two young men now in custody, will be given another hearing.

Frank Jeffers, arrested at the instance of officers of the Alexandria Light Infantry, was dismissed.

Vicious Dog Killed.

Early last night a little boy was bitten by a vicious dog in the Braddock House. The youngster went to the station house and lodged complaint to Lieutenant Smith, and the latter sent Officer Sherwood to the Braddock House with instructions to inform the owner of the cur that he must allow it to be killed or appear at the station house and show cause why he should not be fined for harboring a vicious dog. The owner of the canine consented to its execution which was immediately carried into effect by the officer, after which the carcass was buried in the channel of the river after stones had been tied to its neck.

Officers Elected.

At an adjourned meeting of the stockholders of the Savings Mutual Building and Loan Association, held at their office, 119 south Fairfax street, last night, the following officers were elected to serve during the ensuing year: President, M. B. Harlow; vice president, Peter Aitcheson; secretary, E. J. Fleming; treasurer, Ross Elliott. Board of Directors: Peter Aitcheson, T. J. Fannon, W. M. Reardon, Samuel Bendheim and J. M. Hill. Trustees: Henry Strauss, George H. Harlow and C C. Carlin. Books for subscription for 500 shares of stock will be opened on February 1st.

Rechabites.

Perservance Tent, No. 1098, of Rechabites, held a meeting last night. Four candidates were initiated in the order—three gentlemen and one lady. Six other names were purposed for membership. The meeting was very interesting. After the business of the lodge was transacted the committee on the "Country Work Social" held a meeting and completed their arrangements for the social tonight. About two hundred persons are expected from Washington. A special train will reach here at 7:30 p. m. All the members will wear the country costume.

Meetings.

At the meeting of the Friendship Veteran Fire Association last night three new members were elected. A resolution was adopted instructing the committee on engine to put the old apparatus in thorough repair, equip the same and have it ready for service by the 22d of February when the old engine will be tested.

There was a called meeting of the Columbia Fire Company last night. Thirty members were measured for new uniforms by the agent of a Philadelphia furnishing house.

Court House Improvements.

A meeting of the joint council committees on public property and finance was held last night to consider the proposed improvements to the Corporation Court room and clerk's office. Judge Barley, Commonwealth's Attorney Brent and City Attorney Fisher were present and discussed the matter, but as no plans or specification have been submitted the meeting adjourned without taking final action.

Mysterious Pistol Shots.

Officers Knight, Ferguson and Garvey report having heard pistol shots at a late hour last night at the extreme western end of King street; also in the neighborhood of Duke and Alfred streets. They were unable to ascertain the cause. Pistol shots are heard in different localities of the city almost nightly, and it seems difficult to identify the persons who discharge the weapons.

Got His Mileage.

One of the most remarkable proceedings in the history of the Senate occurred yesterday evening in order to avoid a technicality which prevented Senator Burton, of Kansas, from drawing his mileage for the present session. In order to have his requisition honored it is necessary for some official of the Senate to take an oath that he had seen the Senator in the chamber, but since the indictment and conviction of the Kansas Senator he has not appeared in the chamber. In order that he might get the mileage, the Senator was asked to step from the republican cloak room into the chamber for a moment. He declined, but an employe who engaged him in conversation in the cloak room near the entrance to the chamber suddenly turned the Senator so that he faced the chamber and the attention of the officials previously having been directed toward this door, he was seen from the chamber. It was then certified that Senator Burton was in attendance and his mileage, over $500, was paid.

Burton Found Guilty.

A. Chadwick Burton, the theatrical manager charged with defrauding the Dorcas Society of the Epworth M. E. Church of money subscribed for the benefit of the society for an entertainment of which Burton was the promoter, was found guilty by a jury in the Hustings Court of Richmond yesterday afternoon and given six months in the city jail. In the mayor's court, where the case was originally tried, Burton received a sentence of four months in jail. An appeal was taken from the judgment of the lower court.

The courtroom was packed yesterday to hear the arguments of the attorneys representing the Commonwealth and the defense. Commonwealth's Attorney Folkes declared that Burton was the worst rascal who has appeared before a Richmond court in fifty years, hiding his wrongdoings behind the cloak of religion and swindling credulous people with the belief that he was acting in the name of a religious creed.

Mr. Gilbert Pollock, for the defense, said that the attorney for the commonwealth had not touched the law or the evidence, and argued that his entire plea for the conviction of Burton was based upon his imagination.

Counsel for the defense immediately moved that the verdict of the jury be set aside as contrary to the law and the evidence. Judge Witt will name a day later for hearing the arguments upon the motion.

After the verdict was announced a warrant charging Burton with improper relations with the woman he represented to be his wife was served on him.

Rivals Fight Duel.

In a duel with a girl as the prize for the victor, James Walker, son of a prosperous farmer, was shot and instantly killed by his rival, Peter Forbes, also a farmer's son, in Israel Hill, Prince Edward county, Saturday night.

The men fought with pistols. They went from a ballroom together and took aim by the light shining through the windows. Forbes was engaged to wed Miss Rosa Carew, and he escorted her to the ball. Walker had been an old sweetheart of the young woman, and when they met at the ball he renewed his suit. There had been reports of the engagement being broken between Forbes and Miss Carew, and it appeared these were confirmed by her encouraging Walker. She danced with him repeatedly, until Forbes's jealousy drove him to fury. He went to Walker and upbraided him. Hot words were exchanged and the two decided to fight to the death. Without telling a word of their intention to any one they disappeared from the ballroom and the pistol shots stopped a dance when it was in full swing. A silence fell over the brilliantly lighted room, and then several persons rushed to the windows.

A sight more dramatic than if shown on a stage met their gaze. Two beams of light poured out, and one fell on Walker, flat on his back, dead, and the other on Forbes, standing with the pistol still ready in hand and with his face still set in hate and determination. Miss Carew became hysterical when she realized what had happened, and is in a serious condition. Forbes is in the lock-up.

The Diamond Cure.

The latest news from Paris, is, that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanleer, Tenn, "I had a cough for fourteen years. Nothing helped me until I took Dr King's New Discovery for Consumption, Coughs and Colds, which gave instant relief and effected a permanent cure." Unequalled quick cure for Throat and Lung Troubles. At E. S. Leadbeater & Sons' drug store; price 50c and $1 00, guaranteed. Trial bott'e free.

Chamberlain's Cough Remedy the Best Made

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker, of Poterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by Gibson & Timberman and W. F. Creighton & Co.

Soothing and Comforting.

The soothing and comforting effects of DeWitt's Witch Hazel Salve, when applied to Piles, sores, cuts, boils, etc., subdues pain almost instantly. This Salve draws out the inflammation, reduces swelling and acts as a rubefacient, thus circulating the blood through the diseased parts, permitting or aiding Nature to permanently remove the trouble entirely. Sold by W. F. Creighton & Co., 401 King street

Do the right thing if you have Nasal Catarrh. Get Ely's Cream Balm at once. Don't touch the catarrh powders and snuffs, for they contain cocaine. Ely's Cream Balm relieves the secretions that inflame the nasal passages and throat, whereas common "remedies" made with mercury merely drive them out and leave you no better than you were. In a word, Ely's Cream Balm is a real cure, not a delusion. All druggists, 50c, or mailed by Ely Bros., 56 Warren street, New York.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

A Liquid Cold Cure.

For coughs and colds no remedy is equal to Kennedy's Laxative Honey and Tar—the Liquid Cold Cure. It is different from all others—better, because it expels all cold from the system by acting as a cathartic on the bowels. Gives strength to weak lungs. Affords immediate relief in Croup, Coughs, Colds, Whooping-Cough, etc. Children love it. Sold by W. F. Creighton & Co., 401 King street.
